# Indian Reservation Roads Program Inventory Location Names Report FY 2007 Inventory

This report shows all records from the reservation and reserv\_tribe table using a full outer join.

NULL names are replaced with dashes (-----).

Dashes in the Tribe column indicate the RESERV\_TRIBE record is missing--this only occurs with locations that do not participate in the TTAM.

Dashes in *both* the reservation and tribe local name is always an error. Either both values have been left NULL or the RESERV\_TRIBE record is orphaned.
