Every Student Succeeds Act (Essa) Summit

The purpose of the ESSA Summit is to educate each other about key elements of the recently enacted and implemented, federal education law and engage participants in active dialogue about how the federally mandated requirements of the Every Student Succeeds Act can promote and achieve a closer working relationship and collaborative partnership between Alaska’s Tribes and the school districts which serve their tribal members.

The ESSA Summit will include informative speaker and panel presentations and interactive discussion with participants focusing on:

- What the State and local school districts are required to do to comply with the Act.
- What new program and funding options and opportunities are specifically available to Tribes?
- How the new federal law promotes increased engagement between local school districts and their community stakeholders/ partners/Tribes.
- Updates by the State of Alaska and Interior school districts regarding their preliminary planning efforts to provide meaningful consultation with Tribes (as required under the new law).

Come prepared to participate, to voice your opinions, to share your ideas and to learn! There is no cost to attend. Continental breakfast, snacks and lunch will be provided both days.

Dear Tribes and Tribal Members,

I hope everyone had a happy and safe holiday season. Now that the New Year has begun TCC staff is busy preparing for our 2017 Annual Convention in March. This year’s convention is exciting because there will be elections for three seats on our Executive Board of Directors: the Upper Tanana Representative, the Yukon Koyukuk Representative, and the TCC Chief/Chairman position. For more information on TCC’s election process see page 6-7.

This year’s convention theme is “Preserving Our Way of Life”. This theme was selected because right now is the time we must stand up to the challenges we face and grab a hold of the opportunities in front of us. A great example of facing challenges and taking advantage of opportunities can be found in education and the enactment of the Every Student Succeeds Act (ESSA). The ESSA provides tribes with an opportunity to consult with school districts to incorporate Alaska Native languages and culture in the educational system for our children.

TCC has collaborated with the Alaska Department of Education and others to host the first ever ESSA Summit, where participants will have the opportunity to learn more about the ESSA and what it means for our rural schools and communities. The summit is being led by TCC’s new Education Program Manager Edward Alexander who I would like to welcome aboard! You can learn more about Ed and the ESSA Summit in this edition of the Council.

This month I will be traveling to Washington D.C. with other Alaska Native and American Indian leaders to participate in NCAI’s presidential transition meetings and to attend President-Elect Trump’s inauguration. The purpose of this trip is to establish a working relationship with the new cabinet and leadership appointees so that TCC can engage in and be part of the transition planning process. The relationships that we need to build now are essential to TCC’s ability to achieve our vision of Healthy, Strong, Unified Tribes.

I look forward to updating you on these meetings in the next newsletter.

Ana Bassee,
Victor Joseph
TCC Chief/Chairman

Winter Safety Tips

Winter is upon us and with changing weather comes hazards.

There are safety tips to keep in mind before you venture out in rural Alaska.

- Be prepared - make sure you have a plan.
- Tell someone where you’re going and the route you plan to take.
- Always check weather conditions, try to bring a partner for long travel.
- Slow down and avoid traveling across bodies of water when uncertain of the ice thickness.
- With warmer temperatures it’s getting harder to predict the thickness and relative safety over rivers and lakes.
- Finally, don’t drive impaired! We want you to get to your destination safely.

In recent years, deaths, overdoses and medical costs related to heroin use has increased in Alaska. According to a recent report from the state Division of Public Health, the number of hospitalizations for heroin-related caused nearly doubled in the state from 2008 to 2012.

WHAT IS HEROIN?
Heroin is a highly addictive, illegal drug. Heroin is produced from morphine, a naturally occurring substance that comes from the seedpod of poppy plants. Heroin is abused by injecting, snorting or smoking it, and all three can cause the same level of addiction, as well as serious health problems.

Often times additives are used to dilute it such as sugar, caffeine or other substances. The various additives do not fully dissolve, and when they are injected into the body, can clog the blood vessels that lead to the lungs, kidneys or brain. This itself can lead to infection or destruction of vital organs.

The user buying heroin on the street never knows the actual strength of the drug in that particular packet. Thus, users are constantly at risk of an overdose.

HOW CAN I IDENTIFY IT?
In its purest form, heroin is a fine white powder. But more often, it is found to be rose gray, brown or black in color. The coloring comes from additives, which have been used to dilute it.

IS IT ADDICTIVE?
YES. Heroin enters the brain very quickly, making it particularly addictive. Even a single dose of heroin can start a person on the road to addiction. It’s estimated that almost one-fourth of the people who try heroin become addicted. And over time, heroin users develop a tolerance, meaning that more and more of the drug is needed to achieve the same results.

IN 2013, 23 PEOPLE IN ALASKA DIED FROM HEROIN OVERDOSE, FOUR TIMES THE NUMBER OF OVERDOSE DEATHS IN 2008.

HOW CAN I TELL SOMEONE IS ABUSING HEROIN?
Heroin users build tolerance to heroin, leading to increases in the frequency and quantity of heroin consumption. With growing tolerance, more definitive physical symptoms of heroin abuse and addiction emerge, including weight loss, runny nose, needle track marks visible on arms, infections or abscesses at injection site, and cuts, bruises or scabs from picking.

WHAT ARE THE EFFECTS ON ONES HEALTH?
Heroin abuse and dependence produce serious medical side effects, which may directly or indirectly result in death:
• Heart problems, including infection of heart lining and valves
• Infectious diseases spread by shared needles (HIV and hepatitis B and C)
• Chronic pneumonia or other pulmonary diseases
• Blood clots or tissue death resulting from collapsed veins or impurities
• Bacterial infections
• Liver disease
• Arthritis and other rheumatologic problems
• Seizures

Heroin abuse and addiction are extremely serious medical diseases. They require care from chemical dependency specialists experienced in opiate detox and withdrawal.

ICPA BACKGROUND CHECK INFORMATION:

The Indian Child Protection Act (ICPA), requires TCC employees to pass a federal background check, and the Alaska Barrier Crimes Act requires TCC employees to pass a state background check.

TCC leadership has made the commitment to both comply with current law and advocate for reasonable changes in background check requirements. As part of compliance, TCC presidential candidates must submit their complete background check application which includes fingerprints by February 10th. This allows enough time for the check to be complete. Only those candidates that pass the background check will be eligible to continue as official candidates for the March 16, 2017 election. This process was mandated in the 2014 Presidential Election as well.

2017 TCC ELECTIONS: ELECTION RULES

RULE 10. MAJORITY VOTE REQUIRED

To be elected to a position, nominees are required to receive a majority vote on a ballot, the Election Committee shall conduct a subsequent ballot provided by these Election Rules until a nominee receives a majority vote.

RULE 11. FAILURE TO ACHIEVE MAJORITY

1. In the event of a tie occurring for a Subregional seat, a coin toss will occur to determine the outcome of the election.

2. Ballots where there are four (4) nominees or more. If no nominee receives a majority vote on a ballot, the Election Committee shall conduct a subsequent ballot where the tie will be resolved. The Election Committee will eliminate all nominees except for the three (3) nominees receiving the highest number of votes and conduct a subsequent ballot. If there are more than three (3) candidates tied for first highest vote, all of those receiving the first highest votes will proceed to the next ballot including the candidate with the most votes. The remaining candidates will be eliminated.

3. Ballots where there are three (3) nominees. If no nominee receives a majority vote on a ballot having three (3) nominees, the Election Committee will eliminate the one nominee receiving the lowest number of votes, and conduct a subsequent ballot. If all three (3) nominees tie for the fewest votes cast, the Election Committee shall conduct a subsequent ballot including all nominees. If two nominees tie for the fewest votes cast, the Committee will distribute an “elimination ballot” that includes only the two nominees who tied for the fewest votes cast on the prior ballot. The Election Committee will eliminate the one nominee receiving the lowest number of votes on the “elimination ballot” and resume the balloting between all remaining nominees.

4. Ballots with two (2) nominees. The nominee receiving a majority vote shall be elected. If neither nominee receives a majority vote, the Election Committee will prepare another ballot without elimination of the nominee receiving the fewer votes. This Election Committee will repeat this process as necessary until one nominee receives a majority vote.

*Majority is based on the number of Directors present for the 2017 Full Board of Director’s roll call.

SUGAR IS ADDICTIVE. Sugar releases an opiate-like substance that activates the brain’s reward system. The average American consumes 130 pounds of sugar each year. That equals to about 3,550 pounds in an average lifetime—approaching two tons of sugar.
