AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

THIS IS AN AGREEMENT effective as of _____XX, 2021 ("Effective Date") between the Owner, Tanana Chiefs Conference (TCC) and _____ the Contractor, for the Chief Peter John Tribal Building (CPJTB) Restroom Upgrades Floors 2, 3, 4, & 6.

The TCC and the Contractor further agree as follows:

1 INTRODUCTION

1.1 ORGANIZATION

1.1.1 Tanana Chiefs Conference (TCC) is a Tribal Organization as defined under the Indian Self-Determination and Education Assistance Act (ISDEAA), Pub. L. 93-638. The TCC has assumed responsibilities and funding of the Secretary of the Department of Health and Human Services (DHHS), Indian Health Service (IHS), under title V of Pub. L. 93-638, and provides health services in the villages and communities through village and sub-regional clinics, community health aide program services, and through cooperating arrangements with other Tribal health organizations.

1.1.2 TCC is a consortium of 42 member tribes and tribal organizations in interior Alaska, acting as a non-profit organization for the region. The TCC region covers an area of 235,000 square miles in interior Alaska and serves more than 14,000 Alaska Natives while supporting and advocating on behalf of our tribal leadership and tribes.

1.2 MISSION STATEMENT

1.2.1 TCC provides a unified voice in advancing sovereign tribal governments through the promotion of physical and mental wellness, education, socioeconomic development, and culture of the Interior Alaska Native people.

1.3 VISION STATEMENT

1.3.1 Healthy, Strong, Unified Tribes.

1.4 PROJECT BACKGROUND

1.4.1 The Chief Peter John Tribal Building serves as the headquarters for the Tanana Chiefs Conference. The building houses various administrative, tribal client services, divisions, and health services divisions and programs.

1.4.1 The six-story building was originally designed for Nerco Minerals and construction was completed in 1984 or 1985. The existing restrooms are in need of finish renovations and updates to bring the facilities into compliance with newer building and ADA codes and requirements. Restrooms on the 5th floor have been renovated previously and are the basis for the remaining restroom upgrades needed. TCC's ability to provide services to the entire Interior Region is critical and the facility must remain in operation during construction activities with minimal disruption to staff, visitors, and day to day functions.

9.2 COMPUTATION OF CONTRACT TIME

9.2.1 Unless otherwise agreed to in writing by the Contracting Officer, the Contract Time shall be specified on a Calendar Day basis, and all Work under the Agreement shall be completed within the number of Calendar Days specified. The count of Contract Time begins on the day following receipt of the Notice to Proceed by the Contractor, if no starting day is stipulated therein.

9.2.2 Calendar Days shall continue to be counted against Contract Time until and including the date of Substantial Completion of the Work.

9.2.3 If the Contracting Officer agrees in writing to allow the Contractor to specify the Contract completion time as a fixed calendar date, it shall be the date of Substantial Completion.

9.3 TIME CHANGE

9.3.1 The Contract Time may only be changed by a Change Order or Supplemental Agreement.

9.4 DELAYS IN CONTRACTOR'S PROGRESS

9.4.1 The Contractor shall not be entitled to an adjustment in the Contract price or Contract Time for delay, disruption, or interference caused by or within the control of the Contractor. Any delay, disruption, and interference attributable to and within the control of a subcontractor or supplier shall be deemed to be within the control of the Contractor.

9.4.2 If the Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of the Contractor, then the Contractor shall be entitled to an equitable adjustment in Contract price or Contract Time, or both, subject to Approval of the Contracting Officer. The Contractor's entitlement to an adjustment of the Contract price is conditioned on such adjustment being essential to the Contractor's ability to complete the Work within the Contract Time. 9.5 ESSENCE OF CONTRACT

9.5.1 All time limits stated in the Contract Documents are of the essence to the proper performance of the Work and to the satisfaction of TCC goals for this Project. It is understood and agreed that time is of the essence in this Agreement.

9.6 REASONABLE COMPLETION TIME

The Contractor acknowledges that the liquidated damages established herein are not a penalty but rather constitute an estimate of damages that TCC will sustain by reason of delayed completion. These liquidated damages are intended as compensation for losses anticipated to arise, and include those items enumerated hereunder. These damages will continue to run both before and after termination in the event of default termination. These liquidated damages do not cover excess costs of completion or TCC costs, fees, and charges related to re-procurement but do constitute Owner's sole and exclusive remedy for any delay. If a default termination occurs, the Contractor shall pay, all excess costs and expenses related to completion in addition to these damages.

9.7.2 For each calendar day that the Work remains incomplete after the expiration of the Contract Time, Liquidated damages in the amount of one thousand dollars (\$1,000.00) per calendar day shall be assessed to the Contractor. If no money is due the Contractor, TCC shall have the right to recover said sum from the Contractor. The amount of these deductions is to reimburse TCC for estimated liquidated damages incurred as a result of the Contractor's failure to complete the Work within

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

the time specified. As liquidated damages, such deductions are not to be considered as penalties. Permitting the Contractor to continue and finish the Work or any part of it after the time fixed for its completion, or after the date to which the time for completion may have been extended, will in no way operate as a waiver on the part of TCC of any of its rights under the Contract Documents.

10 QUALITY ASSURANCE

10.1 WARRANTY AND GUARANTY

10.1.1 The Contractor warrants and guarantees to TCC that all Work will be in accordance with the Contract Documents and will not be Defective. Prompt notice of all defects shall be given to the Contractor after discovery by the Contracting Officer, provided however that the Contracting Officer shall not be responsible to provide notice of latent defects or defects hidden by covered Work until the Defective Work is properly brought to the Contracting Officer's attention. All Defective Work, whether or not in place, may be rejected, corrected or accepted as provided for in this article.

10.2 ACCESS TO WORK

10.3.2 If Regulatory Requirements of any public body having jurisdiction require any Work (or part thereof) to specifically be inspected, tested or approved, the Contractor shall assume full responsibility therefor, pay all costs in connection therewith and furnish the Contracting Officer the required certificates of inspection, testing or Approval, except that TCC shall pay the cost of Special Inspections required by the International Building Code and local building authorities. The Contractor shall also be responsible for and shall pay all costs in connection with any inspection or testing required in connection with TCC's acceptance of a supplier of materials or equipment proposed to be incorporated in the Work, or of materials or equipment submitted for Approval prior to the Contractor's purchase thereof for incorporation in the Work. The Contractor shall pay the cost of all inspections, tests and Approvals that are required by the Contract Documents in addition to those above. TCC may perform additional tests and inspections that it deems necessary to ensure quality control. All such failed tests or inspections shall be at the Contractor's expense.

10.3.3 If any Work (including the work of others) that is to be inspected, tested or approved is covered without written concurrence of the Contracting Officer, it must, if requested by the Contracting Officer, be uncovered for observation. Such

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

uncovering shall be at the Contractor's sole expense unless the Contractor has given the Contracting Officer timely notice of the Contractor's intention to cover the same and the Contracting Officer has not acted with reasonable promptness in response to such notice.

- 10.3.4** Neither observations nor inspections, tests or Approvals by TCC or others shall relieve the Contractor from the Contractor's obligations to perform the Work in accordance with the Contract Documents.

10.4 UNCOVERING WORK

- 10.4.1** If any Work is covered contrary to the written request of the Contracting Officer, it must, if requested by the Contracting Officer, be uncovered for the Contracting Officer's observation and replaced at the Contractor's expense.

If, however, such Work is not found to be Defective, the Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

10.5 TCC MAY STOP THE WORK

- 10.5.1** If the Work is Defective, or the Contractor fails to supply suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will conform to the Contract Documents, then after providing Contractor three (3) days advance written notice and opportunity to cure, the Contracting Officer may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of the Contracting Officer to stop the Work shall not give rise to any duty on the part of the Contracting Officer to exercise this right for the benefit of the Contractor or any other party.

10.6 CORRECTION OR REMOVAL OF DEFECTIVE WORK

- 10.6.1** If required by the Contracting Officer, the Contractor shall promptly, as directed, either correct all Defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by the Contracting Officer, remove it from the Site and replace it with Work which conforms to the requirements of the Contract Documents. 10.7 ONE YEAR CORRECTION PERIOD AND STANDARD WARRANTY

10.7.1 If within one year after the date of Substantial Completion of each task of the Work or such longer period of time as may be prescribed by the terms of any applicable special guarantee or extended warranty required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be Defective, the Contractor shall promptly, without cost to TCC and in accordance with the Contracting Officer's written instructions, either correct such Defective Work, or, if it has been rejected by the Contracting Officer, remove it from the Site and replace it with conforming Work. If the Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, TCC may have the Defective Work corrected or the rejected Work removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) will be paid by the Contractor. In special circumstances where a particular item of equipment is placed in continuous service for the benefit of TCC before Substantial Completion of all the Work, the correction and warranty period for that item may begin on an earlier date if so provided in the Specifications or by Change Order. Provisions of this paragraph are not intended to shorten the statute of limitations for bringing an action.

10.7.2 Except as otherwise expressly provided in the Contract Documents, the Contractor shall remedy at its own expense, any failure of the Work (including equipment) to conform to contract Specifications and any defect of material, workmanship, or design in the Work but excluding any defect of any design furnished by TCC under the contract for a period of one year provided that TCC or TCC's assignee gives the Contractor notice of any such failure or defect promptly after discovery but not later than one year after final acceptance of the Work. The Contractor, at its own expense, shall also remedy damage to equipment, the Site, or affected areas resulting from any failure or defect and restore any work damaged in fulfilling the terms of this clause. Should the Contractor fail to remedy any such failure or defect within twenty (20) calendar days after receipt of notice thereof, TCC or TCC's assignee shall have the right to replace, repair or otherwise remedy such failure or defect at the Contractor's expense. The entire cost thereof shall be paid by the Contractor.

10.7.3 Acceptance of Defective Work: Instead of requiring correction or removal and replacement of Defective Work, the Contracting Officer may accept Defective Work; the Contractor shall bear all direct, indirect and consequential costs attributable to the Contracting Officer's evaluation of and determination to accept such Defective Work (costs to include but not be limited to fees and charges of engineers, architects, attorneys and other professionals). If any such acceptance occurs prior to final payment, a Change Order will be issued incorporating the necessary revisions in the

Contract Documents with respect to the Work; and TCC shall be entitled to an appropriate decrease in the Contract price. If TCC has already made final payment to the Contractor, the Contractor shall pay an appropriate amount to TCC

10.8 CORRECTING DEFECTIVE WORK

10.8.1 If the Contractor fails within a reasonable time after written notice from the Contracting Officer to proceed to correct Defective Work or to remove and replace rejected Work as required by the Contracting Officer in accordance with this Agreement, or if the Contractor fails to perform the Work in accordance with the Contract Documents, or if the Contractor fails to comply with any other provision of the Contract Documents, TCC may, after seven (7) days' written notice to the Contractor, correct and remedy any such deficiency. In exercising the rights and remedies under this paragraph TCC shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, the Contracting Officer may exclude the Contractor from all or part of the Site, take possession of all or part of the Work, and suspend the Contractor's services related thereto, take possession of the Contractor's tools, appliances, construction equipment and machinery at the Site and incorporate in the Work all materials and equipment stored at the Site or approved remote storage sites or for which TCC has paid the Contractor but which are stored elsewhere. The Contractor shall allow the Contracting Officer and his authorized representatives such access to the Site as may be necessary to enable the Contracting Officer to exercise the rights and remedies under this paragraph. All direct, indirect and consequential costs of TCC in exercising such rights and remedies will be charged against the Contractor, and a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and TCC shall be entitled to an appropriate decrease in the Contract Price. Such direct, indirect and consequential costs will include but not be limited to fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of the Contractor's Defective Work. The Contractor shall not be allowed an extension of time because of any delay in performance of the Work attributable to the exercise, by the Contracting Officer, of TCC's rights and remedies hereunder.

11 GENERAL CONSIDERATIONS

11.1 CONFIDENTIALITY

11.1.1 Except as may be reasonable and necessary to complete the Work required under this Agreement, the Contractor shall not disclose any information concerning this Agreement, the Work to be performed, or any data or information pertaining to this Agreement to any third party, without first obtaining the prior written consent of TCC.

15.6 INSURANCE GENERAL PROVISIONS

15.6.1 Evidence of the Contractor's Insurance: In accordance with the request for proposals the Contractor, prior to executing the Agreement, shall have provided to TCC executed copies of the required Certificates of Insurance (and other evidence of insurance that TCC or any additional insured may reasonably request) which the Contractor is required to purchase and maintain.

15.6.2 The Contractor's insurance will cover injury to persons and/or property suffered by TCC or a third party, as a result of operations that arise both out of and during the course of this Agreement by the Contractor or by any subcontractor. Thus, coverage will also provide protection against injuries to all employees of the Contractor and the employees of any subcontractor engaged in Work under this Agreement.

15.6.3 The Contractor shall bear all risk of loss, theft, damage or destruction to The Contractor's or subcontractor's tools, equipment, appliances, facilities, and materials necessary to commence and complete the Work under this Agreement. The Contractor or subcontractor will at all times carry insurance against such destruction in an amount sufficient to cover the replacement value of such tools, equipment, appliances, facilities, and materials.

15.6.4 All insurance required by the Agreement to be purchased and maintained by the Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the State of Alaska, to issue insurance policies for the required limits and coverages. All companies that provide insurance policies required under this Agreement shall have an A.M. work under this Agreement until such insurance has been obtained and Certificates of Insurance, with binders, or certified copies of the insurance policy have been filed with TCC.

- 15.6.5** Subcontracting Requirements: The Contractor shall be responsible for ensuring that its subcontractors comply with the same insurance provisions as required herein and as required by Alaska law during the course of its subcontractors' operations. The Contractor shall provide copies of all subcontractors' certificates of insurance to TCC prior to any subcontractor commencing work.
- 15.6.6** Failure of TCC to demand such certificates or other evidence of the Contractor's full compliance with these insurance requirements, or failure of TCC to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the Contractor's obligation to obtain and maintain such insurance.
- 15.6.7** TCC does not represent that insurance coverage and limits established in this Agreement are necessarily adequate to protect the Contractor or the Contractor's interests.
- 15.6.8** The insurance and insurance limits required herein shall not be deemed as a limitation on the Contractor's liability under the indemnities granted to TCC and other individuals and entities in the Agreement.
- 15.6.9** The Contractor shall maintain in force at all times during the performance of Work under this Agreement the above stated policies of insurance. Failure to maintain the specified insurance or to provide substitute insurance if an insurance carrier becomes insolvent, is placed in receivership, declares bankruptcy, or cancels a policy may be grounds for withholding Agreement payments until substitute insurance is obtained, and may, in TCC's discretion, be grounds for declaring the Contractor in default. Where specific limits and coverage are shown, it is understood that they shall be the minimum acceptable. The requirements of this paragraph shall not limit the Contractor's responsibility to indemnify TCC.
- 15.6.10** Builders Risk: Builders Risk insurance is not a requirement of this Work.
- 15.6.11** In addition to providing the above coverages the Contractor shall, in any contract or agreement with subcontractors performing work, require that all indemnities and waivers of subrogation it obtains, and that any stipulation to be named as an additional insured it obtains, also be extended to waive rights of subrogation against TCC and to add TCC as additional named indemnitee and as additional insured.
- 15.6.12** Employers' Liability, Business Automobile Liability and Commercial General Liability coverage's may be arranged under a single policy for the full limits required or by a combination of underlying policies with the balance provided by Excess and/or Umbrella Liability policies.
- 15.6.13** The Contractor shall furnish evidence of insurance to TCC before award of the Agreement. All other coverage, including required subcontractor furnished

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

insurance shall be evidenced prior to commencement of Work. Acceptance by TCC of deficient evidence does not constitute a waiver of the insurance requirements as provided for by this Agreement. The evidence shall be issued to TCC and shall be either a certificate of insurance or the policy declaration page with all required endorsements attached and must: denote the type, amount, and class of operations covered; show the effective (and retroactive) dates of the policy; show the expiration date of the policy; include all required endorsements; be executed by the carrier's representative. The insurance carrier agrees that it shall notify TCC, in writing, at least thirty (30) days before cancellation of any coverage or reduction in any limits of liability."

15.7 INDEMNIFICATION

15.7.1 The Contractor shall to the fullest extent permitted by law, indemnify, defend and hold harmless TCC, and TCC's officers, directors, members, partners, agents, consultants, and employees, from and against any and all suits, claims, losses, liabilities, fines, penalties, actions, damages, and judgments (including, but not limited to, all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) for bodily injury and/or property damage claims arising out of or relating to the Project, provided that any such suit, claim, loss, liability, fine, penalty, action, damage, or judgment is attributable in whole or in part to the Contractor's or its subcontractors performance of services under this Agreement. Contractor's duty to defend and indemnify TCC shall apply only to the proportional share of Contractor's (or those for whom the Contractor is responsible) fault.

16 LAWS AND REGULATIONS

16.1 LAWS TO BE OBSERVED

16.1.1 This Agreement is to be governed by the Laws and Regulations of the State of Alaska and the United States. The Contractor shall keep fully informed of all federal and state Regulatory Requirements and all orders and decrees of bodies or tribunals having any jurisdiction or authority, which in any manner affect those engaged or employed on the Work, or which in any way affect the conduct of the Work. Except where otherwise expressly required by applicable law, Regulatory Requirements, the TCC shall not be responsible for monitoring the Contractor's compliance with any Regulatory Requirements.

16.2 PERMITS, LICENSES, AND TAXES

16.2.1 The Contractor shall procure all permits, pay all charges, fees and taxes, and give all notices necessary and incidental to the due and lawful prosecution of the Work. Proof of payment of these taxes, that all applicable taxes have been paid, is a condition precedent to final payment by TCC under this Agreement. Where such

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

proof is readily obtainable by Contractor, a certification from Contractor is acceptable.

- 16.2.2** If any federal, state or local tax is imposed, charged, or repealed after the date of the submission of the Contract price and is made applicable to and paid by the Contractor on the articles or supplies herein contracted for, then the Contract price shall be increased or decreased accordingly by a Change Order.

16.3 ACCIDENT PREVENTION

- 16.3.1** The Contractor shall comply with all pertinent provisions of the Construction Code Occupational Safety and Health Standards issued by the Alaska Department of Labor.

16.4 LOCAL BUILDING CODES

- 16.4.1** The Contractor shall comply with applicable local building codes and the obtaining of required permits. The Contractor shall be responsible for coordinating with and providing access to local building officials for required inspections. Notwithstanding anything to the contrary in the Contract Documents, the Contractor is not liable for TCC's supplied plans and designs or their conformance to any applicable regulatory requirements.

16.5 COVENANT AGAINST CONTINGENT FEES

- 16.5.1** The Contractor warrants that no person or selling agent has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

17 PAYMENTS TO THE CONTRACTOR AND COMPLETION OF THE PROJECT

17.1 COMPENSATION

- 17.1.1** TCC's obligation to the Contractor for reimbursable costs under this Agreement shall not exceed the Contract price subject only to adjustments up or down to reflect changes in Work scope affected by fully executed Change Orders, and applicable permit fees and taxes.

17.2 PROGRESS PAYMENTS

- 17.2.1** The Contractor may submit periodically, but not more than once each month, a request for payment for work performed, materials delivered and stored on the Site and progress payment of the Contractor's fee equal to a proportional amount of the reimbursable costs for each payment request. Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. Payment will be due and payable within thirty (30) days by

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

TCC after TCC's receipt of a correct payment request. Final payment will be processed in the same manner.

17.3 SCHEDULE OF VALUES

17.3.1 The Schedule of Values will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to the Contracting Officer.

17.4 PRELIMINARY PAYMENT

17.4.1 Upon Approval of the Schedule of Values, the Contractor may be paid for direct costs substantiated by paid invoices for materials procured prior to construction.

17.5 CONTRACTOR'S WARRANTY OF TITLE

17.5.1 The Contractor warrants and guarantees that title to all Work, materials and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to TCC no later than the time of payment free and clear of any claims, liens, security interests and further obligations.

17.6 WITHHOLDING OF PAYMENTS

17.6.1 TCC may withhold or refuse payment for any of the reasons listed below provided it gives written notice of its intent to withhold and of the basis for withholding: the Work is Defective, or completed Work has been damaged requiring correction or replacement, or has been installed without Approval of Shop Drawings, or by an unapproved subcontractor, or for unsuitable storage of materials and equipment; a Change Order has reduced the Contract Price; claims have been made against TCC or against the funds held by TCC on account of the Contractor's actions or inactions in performing this Agreement, or the Contractor has failed to fulfill or is in violation of any of its obligations under any provision of this Agreement.

17.7 REQUEST FOR RELEASE OF FUNDS

17.7.1 If the Contractor believes the basis for withholding is invalid or no longer exists, immediate written notice of the facts and the provisions of the Contract Document upon which the Contractor relies, shall be given to the Contracting Officer, together with a request for release of funds and adequate documentary evidence proving that the problem has been cured. Following such a submittal by the Contractor, the Contracting Officer shall have a reasonable time to investigate and verify the facts and seek additional assurances before determining whether release of withheld payments is justified.

17.8 SUBSTANTIAL COMPLETION

17.8.1 Five (5) days prior to when the Contractor considers the Work ready for its intended use, the Contractor shall notify the Contracting Officer in writing that the Work, or a portion of Work which has been specifically identified in the Contract Documents, is

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

substantially complete (except for items specifically listed by the Contractor as incomplete) and request that TCC schedule a Substantial Completion inspection. The Contracting Officer, the Contractor and any other appropriate consultant(s) shall make an inspection of the Work to determine the status of completion. After the inspection, if the Contracting Officer does not consider the Work substantially complete, the Contracting Officer will notify the Contractor in writing giving the reasons therefore. If the Contracting Officer considers the Work substantially complete, TCC will issue to the Contractor a tentative "punch list" of items to be completed or corrected, if necessary. At the time of completion of all Substantial Completion 'punch list,' items, the Contractor will fulfil all responsibilities pending Final Completion with respect to security, operation, safety, maintenance, and warranties which shall be consistent with the terms of the Contract Documents.

17.9 FINAL INSPECTION

17.9.1 Upon written notice from the Contractor that the entire Work or an agreed portion thereof is complete, the Contracting Officer will make a final inspection with the Contractor and other appropriate consultant(s) and will notify the Contractor in writing of all particulars in which this inspection reveals that the Work is incomplete or Defective. The Contractor shall immediately take such measures as are necessary to remedy such deficiencies.

17.10 FINAL COMPLETION AND APPLICATION FOR PAYMENT

17.10.1 After the Contractor has completed all such corrections to the satisfaction of the Contracting Officer and delivered all maintenance and operating instructions, schedules, guarantees, bonds, certificates of payment to all laborers, subcontractors and suppliers, certificates of inspection, marked up record documents and other documents - all as required by the Contract Documents; and after the Contracting Officer has indicated in writing that the Work has met the requirements for Final Completion, the Contractor may make application for final payment following the procedure for progress payments. All remaining certificates, warranties, guarantees, releases, affidavits shall accompany the final Application for Payment, along with any other documentation required by the Contract Documents.

17.11 WAIVER OF CLAIMS BY CONTRACTOR

17.11.1 The making and acceptance of final payment will constitute a waiver of all claims by the Contractor against TCC other than those previously made in writing and still unsettled.

18 SUSPENSION OF WORK, DEFAULT AND TERMINATION

18.1 TCC MAY SUSPEND WORK

18.1.1 TCC may, at any time, suspend the Work or any portion thereof by notice in writing to the Contractor. If the Work is suspended without cause the Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Time, or

TANANA CHIEFS CONFERENCE

AGREEMENT FOR CPJTB RESTROOM UPGRADES: FLOORS 2,3,4 & 6

both, directly attributable to any suspension made without cause. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that suspension is due to the fault or negligence of the Contractor, or that suspension is necessary for compliance with the Contract Documents, or that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor.

- 18.1.2** In case of suspension of Work, the Contractor shall be responsible for preventing damage to or loss of any of the Work already performed and of all materials whether stored on or off the Site or Approved remote storage sites.

18.2 DEFAULT OF CONTRACT

- 18.2.1** The Contracting Officer may give the Contractor a written Notice to Cure Default if the Contractor: fails to begin the Work in the time specified; fails to comply with the Native hire provisions of this Agreement; fails to use sufficient resources to assure prompt completion of the Work; performs the Work unsuitably or neglects or refuses to remove and replace rejected materials or Work; stops the Work; fails to resume the stopped Work after receiving notice to do so; or becomes insolvent.

- 18.2.2** The Notice to Cure Default will detail the conditions determined to be in default, the time within which to cure the default and may, at the Contracting Officer's discretion, specify the actions necessary to cure the default. Failure to cure the delay, neglect or default within a five (5) day period of time authorizes TCC to terminate the Agreement for cause. The Contracting Officer may allow more time to cure than originally stated in the Notice to Cure Default if it is in the best interests of TCC. TCC will provide the Contractor with a written Notice of Default Termination that details the default and the failure to cure it.

- 18.2.3** If the Contractor fails to comply with the requirements of the above notice of default, then TCC has full power and authority, without violating the Agreement, to take the performance of the Work out of the hands of the Contractor. TCC may terminate the services of the Contractor, exclude the Contractor from the Site and take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which TCC has paid the Contractor but which are stored elsewhere, and finish the Work as TCC may deem expedient. TCC may enter into an agreement for the completion of the Work according to the terms and provisions thereof, or use such other methods that in the opinion of the Contracting Officer are required for the completion of the Work.

- 18.2.4** If this Agreement is terminated for default, the Contractor and the Surety shall be jointly and severally liable for damages for delay, and for the excess cost of completion, and all costs and expenses incurred by TCC in completing the Work or arranging for completion of the Work, including but not limited to costs of assessing the Work to be done, costs associated with advertising, soliciting or negotiating for bids or proposals for completion, and other re-procurement costs. Following termination, the Contractor shall not be entitled to receive any further balance of the
