

TANANA CHIEFS CONFERENCE REQUEST FOR QUOTES FOR
Racking
Badger Road

ADDENDUM NUMBER ONE (1)

March 7, 2024

The following corrections, changes, additions, deletions, revisions, and /or clarifications are hereby made a part of the request for quotes for Solar Racking on 2605 Badger Rd. North Pole Alaska.

Providing a quote will acknowledge receipt of this addendum via email to Cortnie Doan at the following; cortnie.doan@tanachiefs.org

Final quotes to be emails to cortnie.doan@tanachiefs.org should be in a single PDF document format, with the RFP title clearly indicated in the subject line.

Scope Change:

Please note the original RFQ stated this project would supply racking for a 1.183MW solar array. The actual size being request is a 1.188MW solar array. All other aspects of the system and RFQ remain unchanged unless specifically addressed below

Questions

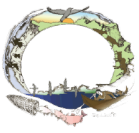

AD1-1 Question; The foundation, I am assuming that you are looking for an installed foundation or just the materials? Are you also looking to have the racking and panels installed or just purchased?

AD1-1 Reply; This RFQ is specifically for the procurement and delivery of a solar racking system FOB North Pole, Alaska. Installation will be addressed via a future RFQ.

AD1-2 Question; Lastly, since this is an informal quote; will you except just a quote for provision and installation of the foundation? We install helical piers and did the replacement piers on the GVEA array in Fairbanks.

AD1-2 Reply; Vendors are able to submit additional documentation that TCC may or may not use to make a decision on the installation of foundation points once the system goes into construction, planned for summer 2024. This RFQ is specific to the delivery of a stamped racking system FOB the address in North Pole. If a vendor would like to add an additional line item to their response providing for the installation of the foundation system for the racking please keep that number as a clearly separate item from the supply number and indicate if the 2 are independent or co-dependent.

AD1-3 Question; Is this project to provide the racking and supports only or will the awarded contractor be installing components? If so which components of the project.

AD1-3 Reply; This RFP is only for the racking and support. Installation will be in another RFP

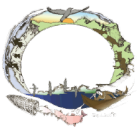

Updated Files/Attachments

AD1-4 Attachment; Revised Site Plan
