

Tribal Vocational Rehabilitation

Programs are designed to assist people with disabilities to return to the workforce by exploring careers, attending trainings, or participating in wild resource & harvest life style (formerly subsistence) activities to increase the Sustenance of their households and/or communities!

Who Should Apply?

If you have trouble getting or keeping a job or being productive in wild resource & harvest life style (formerly subsistence) activities because of a physical or mental disability, TCC's Vocational Rehabilitation program could be just what you're looking for!

To talk with a Vocational Rehabilitation Counselor, please contact us and find out more about the program, what it takes to be eligible, and how to start getting the services you need.

You can do it...and we can help!

Our Mission Statement:

TCC-TVRR provides assistance to advance vocational opportunities for individuals with disabilities that enrich tribal, cultural, and traditional values which promote independence and self-determined quality of life.
