I. SOLICITATION

Tanana Chiefs Conference (TCC) is soliciting quotes from qualified Contractors to provide all labor, supplies, and equipment for the construction of a Fiber-to-the-Home (FTTH) broadband network in Tanacross, Alaska. The network has been fully designed by SGV International LLC, and all construction documentation is included with this Request for Quotes (RFQ).

This project supports the delivery of high-speed internet services to residents of Tanacross and reflects TCC's ongoing commitment to expanding digital infrastructure in rural and Tribal communities.

Tanacross is a village located on the Alaska Highway and in the Upper Tanana Subregion. Dot Lake lies approximately 12 miles Northwest of Tok, at milepost 1324 of the Alaska Highway.

The region's extreme temperature fluctuations and remote access present unique construction challenges, requiring specialized expertise in engineering, logistics, and project management. The objective is to engage a qualified contractor to execute the construction phase of the FTTH deployment in alignment with the SGV International design documents.

TCC seeks a contractor capable of beginning work immediately and managing the demands of an accelerated construction schedule. Successful execution will require effective coordination, strict adherence to scope, and on-time delivery.

9.4.1 After the Project Manager has issued a Certificate for Payment, Owner shall pay Contractor within thirty (30) calendar days if Owner agrees with the Project Manager's recommendation. If Owner disagrees with the Project Manager's certification in whole or in part, Owner shall promptly notify the Project Manager and Contractor in writing and explain Owner's reasons for withholding payment in whole or in part.

9.4.2 Contractor shall promptly pay each subcontractor and supplier, upon receipt of payment from Owner, an amount determined in accordance with the terms of the applicable subcontracts and purchase orders.

9.4.3 Neither Owner nor the Project Manager shall have responsibility for payments to a subcontractor or supplier.

9.4.4 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by Owner shall not constitute acceptance of Work not in accordance with the requirements of the Contract Documents.

9.5 Substantial Completion

9.5.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so Owner can occupy or utilize the Work for its intended use.

9.5.2 When Contractor notifies the Project Manager and Owner that Contractor considers the Work or designated portion thereof to be substantially complete, the Project Manager and Owner shall jointly inspect the Project site to determine whether they agree the Work is substantially complete. When the Project Manager and Owner determine that the Work is substantially complete, the Project Manager shall prepare

a Certificate of Substantial Completion that shall establish the date of Substantial Completion, shall establish the responsibilities of Owner and Contractor, and shall fix the time within which Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

9.6 Final Completion and Final Payment

- 9.6.1** Upon receipt of a final Application for Payment, the Project Manager and Owner will inspect the Work. When the Project Manager and Owner agree that the Work is acceptable and Contractor has satisfactorily performed all duties and obligations under the Contract, the Project Manager will promptly issue a final Certificate for Payment for review and approval by Owner.
- 9.6.2** Final payment from Owner shall not become due until Contractor submits to the Project Manager and Owner releases and waivers of liens, and data establishing payment or satisfaction of obligations, such as receipts, claims, security interests, or encumbrances arising out of the Contract.
- 9.6.3** Acceptance of final payment by Contractor, subcontractors, or material suppliers shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

10. PROTECTION OF PERSONS AND PROPERTY

Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs, including those required by law, in connection with performance of the Work. Contractor shall ensure that all required COVID-19 personal protective equipment (PPE) or social distancing requirements issued by the Owner or another public authority having jurisdiction over the Project are strictly followed during the performance of the Work. Contractor shall take reasonable precautions to prevent damage, injury, or other losses as a result of its performance of the Work. Contractor shall promptly remedy any damage, injury and other losses caused in whole or in part by Contractor, or by anyone for whose acts Contractor may be liable.

11. CORRECTION OF WORK

- 11.1** Contractor shall promptly correct Work rejected by the Project Manager, in consultation with Owner, as failing to conform to the requirements of the Contract Documents. Contractor shall bear the cost of correcting rejected Work, including the costs of uncovering, replacement, and additional testing.
- 11.2** In addition to Contractor's other obligations, including any warranties Contractor has obtained from its subcontractors or suppliers, Contractor shall correct any Work not conforming to the requirements of the Contract Documents for a period of one year following the date of Substantial Completion.
- 11.3** If Contractor fails to correct nonconforming Work within a reasonable time, Owner may correct it in accordance with the terms of this Agreement.

12. MISCELLANEOUS PROVISIONS

12.1 No Assignment of Agreement Without Consent of Other Party

Neither party to this Agreement may assign the rights, benefits, and obligations expressed in this Agreement to a third party without the written consent of Owner and Contractor.

12.2 Tests and Inspections

Contractor shall arrange for and bear the costs of any and all inspections required as a result of obtaining permits to complete the Work.

12.3 Retention of Records

Contractor agrees to retain all records that are directly pertinent to this Agreement, the Project, and the Work for a minimum of three (3) years after the date Owner makes final payment under this Agreement.

12.4 Governing Law

Alaska state law shall be applied to resolve any dispute arising under or related to this Agreement and the Project, provided, however, that this reference to Alaska state law shall not be construed as an admission or concession by Owner that the State of Alaska or any subdivision or agency thereof has authority to promulgate laws applicable to Owner or to Contractor in connection with Contractor's activities on trust, allotment, or restricted fee lands.

12.5 Federal, State, or Local Inspections

12.5.1 Owner and representatives of the Funding Agency shall be permitted to inspect all Work, materials, payrolls, personnel records, invoices of materials, and other relevant data and records of Contractor.

12.5.2 Owner, the Funding Agency, and their authorized representatives shall have access to and the right to examine any of Contractor's pertinent books, documents, papers, or other records involving transactions related to this Agreement for the purpose of audit, examination, transcription, or other lawful use for a period of three (3) years after Final Payment under this Agreement, or until the final disposition of any appeals, litigation, or claims arising under this Agreement or the Funding Agreement, whichever is longer.

13. TERMINATION OF THE CONTRACT

13.1 Termination by Contractor

If the Project Manager fails to certify payment as provided in Section 9.3 for a period of thirty (30) calendar days through no fault of Contractor, or if Owner fails to make payment as provided in Section 9.4 for a period of thirty (30) calendar days, Contractor may terminate this Agreement and recover from Owner any remaining payment owed for its satisfactory performance of the Work, up to but not exceeding the Contract Sum. Contractor's right to receive this additional payment is conditioned on Contractor's ability to prove that the Work has been satisfactorily completed and contains no material defects or deficiencies.

13.2 Termination by Owner for Cause

13.2.1 Owner may terminate the Contract if Contractor

1. refuses or fails to supply enough properly skilled Workers or proper materials, fails to follow the Project Manager or Owner's reasonable instructions, or fails to perform the Work in a good and Workmanlike manner;
2. fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between Contractor and the subcontractors;
3. disregards laws, ordinances, rules, regulations, or orders of a public authority having jurisdiction; or
4. is otherwise responsible for a breach of any material provisions of the Agreement.

13.2.2 When any of the above reasons exist and without prejudice to any other rights or remedies, Owner may terminate the Agreement for cause after first providing Contractor and Contractor's surety, if any, a written notice of Owner's intent to terminate the Agreement if Contractor fails to correct the noted deficiencies within seven (7) calendar days. If Contractor fails to correct the noted deficiency within the correction period, or any extension thereof agreed to by Owner and Contractor, Owner may take possession of the Project site and make use of all materials and equipment located at the site to finish the Work by whatever reasonable method Owner may deem expedient.

13.2.3 When Owner terminates the Agreement for one of the reasons stated in Section 13.2.1, Contractor shall not be entitled to receive further payment until the Work is finished.

13.2.4 If the unpaid balance of the Contract Sum exceeds Owner's costs to finish the Work, the excess balance shall be paid to Contractor. If Owner's costs to complete the Work exceed the unpaid balance, Contractor shall pay the difference to Owner. This obligation for payment shall survive the termination of the Agreement.

13.3 Termination by Owner for Convenience

Owner may, at any time, terminate the Contract for Owner's convenience and without cause. Contractor shall be entitled to receive payment for the portions of the Work completed, and costs incurred by reason of such termination, to the extent that Owner has not paid Contractor for completed and acceptable Work.

14. OTHER TERMS AND CONDITIONS

14.1 Dispute Resolution

14.1.1 A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes between Owner and Contractor arising out of or relating to the Contract Documents. The responsibility to substantiate Claims shall rest with the party making the Claim. The parties shall initially attempt to resolve any Claim informally by providing written notice of the Claim to the other party. Within ten (10) calendar days of receipt of a written Claim notice, the parties shall meet in person to discuss and attempt to resolve the matter, unless the parties mutually agree to an extension of this time.

14.1.2 If informal resolution is not successful, a Claim shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to the Agreement, and filed with the person or entity administering the arbitration proceedings. The party filing a notice of demand for arbitration must assert in the demand letter all Claims then known to that party seeking arbitration. A demand for arbitration shall be made no earlier than thirty (30) days after providing the written notice required in Section 14.1.1. In no event shall a Claim be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations, provided however that Owner may pursue a Claim for latent or hidden defective Work within three (3) years after actual discovery of the basis for the Claim either in an Alaska Superior court of competent jurisdiction or through the arbitration process set out in this Agreement, at the Owner's sole election. For statute of limitations purposes, receipt of a written demand for arbitration by the entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

- 14.1.3** The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable Alaska state law.
- 14.1.4** The foregoing agreement to arbitrate by the parties to the Agreement shall be specifically enforceable under applicable Alaska state law.
- 14.1.5** Either party may seek enforcement of a final and binding arbitration decision, award, or judgment issued in accordance with this Section 14.1 in the Superior Court located in Fairbanks, Alaska in the Fourth Judicial District. Contractor understands and agrees that any arbitration decision, award, or judgment being sought against Owner is expressly made subject to the limitations set forth in Section 14.2 and any other limitations that may apply under the federal laws and regulations governing federally recognized Indian tribes.

14.2 Sovereign Immunity

- 14.2.1** It is understood that Owner is an intertribal consortium, that is considered an Indian tribe by federal statute, 25 U.S.C. § 5381(b), and that operates as an arm of a group of federally recognized Alaska Native tribes, which each possess sovereign immunity from suit. Nothing in the Contract Documents shall be construed to be a waiver of Owner's sovereign immunity, except to the limited extent necessary to permit Contractor to pursue the dispute resolution procedures authorized in this Agreement. Sovereign immunity is not waived as to any employee, Board member, or agent of Owner, and Owner hereby specifically reserves and retains its sovereign immunity and all rights and privileges pertaining thereto, except to the limited extent expressly stated in this Section 14.2.
- 14.2.2** To the extent jurisdiction obtains, this limited waiver of sovereign immunity shall be deemed a consent to the jurisdiction only of the Superior Court located in Fairbanks, Alaska in the Fourth Judicial District.
- 14.2.3** This limited waiver of sovereign immunity authorizes only the following forms of relief or remedies against Owner: an order directing specific performance of the requirements of the Agreement, including payment of monies due and owing under the Agreement. A judgment or award against Owner may be satisfied only from available funds which Owner has specifically budgeted for this Project and shall not exceed the total Contract Sum. Nothing in this limited waiver of immunity shall be construed as a waiver or consent to the levy of any judgment, lien, attachment, or encumbrance upon any other funds, assets, income, or real property or interest in any real property belonging to Owner, whether held in trust for the benefit of Owner by the United States, as restricted fee land, or in fee simple.
- 14.2.4** This limited waiver of sovereign immunity does not permit Contractor to seek the recovery of attorneys' fees or post-judgment interest against Owner and does not extend to actions for declaratory judgment or injunctive relief beyond the remedies expressly set forth in this Section 14.2.
- 14.2.5** The parties hereby acknowledge that this limited sovereign immunity waiver shall apply to any other agreements entered into by the parties during the respective terms of such agreements and shall continue to apply notwithstanding the prior termination of this Agreement or any ancillary agreements between the parties. Owner specifically reserves and retains its full sovereign immunity, and all rights and privileges pertaining thereto, concerning any claims brought more than three (3) years after date of the execution of this Agreement by Owner and Contractor.

14.3 Successors and Assigns

Owner and Contractor each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, with respect to all covenants, agreements, and obligations contained in the Contract Documents.

14.4 Severability and Third Parties

- 14.4.1** Any provision or part of the Contract Documents held to be void or unenforceable by arbitrator or court of competent jurisdiction shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that expresses the intent of the stricken provision to the greatest degree legally possible.
- 14.4.2** No third party has any rights under this Agreement, including but not limited to, the right to gain benefits or seek the enforcement of any provision of the Agreement.
